

Bitspower Dual G1/4" High Flow Fitting - Black Sparkle Finish

\$4.99

Product Images

Short Description

Product Details:

This is a G 1/4" threaded male to male fitting. Uses an O-Ring to seal. Large ID bore for high flow and lower pressure drop compared to other fittings. This is perfect for use with Delrin T's and L's. It will screw in to the available port. Using a Delrin 90 degree L and one of these fittings plus one regular barb is perfect for use with the lower PCI Express video card in SLI. This keeps the barb from hitting the floor of the case or lower mounted

PSU by quickly changing the flow in a 90 degree manner. Learn the name; Bitspower Premium water cooling products!

Features:

- Special Design for PC Water Cooling
- Perfect Surface treatment
- TRUE Hi-Flow
- Hidden O-Ring Design

Specifications:

- Material : Hi Quality Brass with Black Sparkle coating
- Thread : G1/4"
