

Silverstone Sound Insulation Foam - Black

\$17.99

Product Images

Short Description

Building a silent computer is often a difficult goal for enthusiasts and power users to achieve, especially if the computer needs to also be fast and cool. The SF01 is a package of two foam pads designed to help absorb noise with minimal impact inside a computer chassis. Each pad has large surface area and high density 4mm thick foam to provide good noise reduction and flexible integration choices.

Description

Building a silent computer is often a difficult goal for enthusiasts and power users to achieve, especially if the computer needs to also be fast and cool. The SF01 is a package of two foam pads designed to help absorb

noise with minimal impact inside a computer chassis. Each pad has large surface area and high density 4mm thick foam to provide good noise reduction and flexible integration choices.

Features

- Great quality EPOM foam material for noise absorption
- Excellent adhesion in high temperature
- Easy to cut and fit in any computer chassis
- Package includes two foam pads

Specifications

Model No.	SST-SF01
Color	Black
Material	EPOM
Dimension	530 mm(W) x 380 mm(L) x 4 mm (T)

Additional Information

Brand	SilverStone Technology
SKU	SST-SF01
Weight	1.0000
Color	Black
Case Accessory Type	Case Materials
Vendor SKU/EAN	844761007126
