Short Description

Enermax REVOLUTION85+ 1020W SLI EPS Modular Power Supply

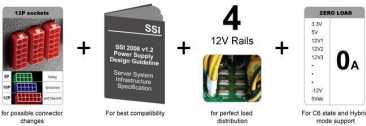

Description

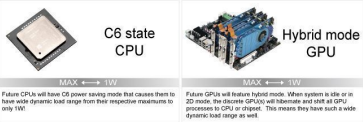

80PLUS ready!

FUTURE CPU / GPU ready!

Ready for most upcoming CPU and GPU generations by 12P sockets for possible connector changes, by complying to latest EPS12V PSU design guides for compatibility, by four massive 12V rails for perfect load distribution & by ZERO LOAD Design for OS state and Hybrid Mode functions. REVOLUTION85+ can maintain extra light DC regulation to support OS state and Hybrid graphic power saving mode thanks to its ZERO LOAD (0W) Design.

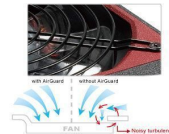

ConGuard

Fixing the AC cord tightly to avoid accidental shutdowns of your PC.

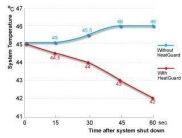

AirGuard

Patented air inlet with optimal aero-dynamical design reducing noisy air turbulences.

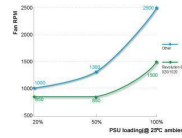

HeatGuard

After shut-down, HeatGuard will keep PSU fan running for 30-60 seconds to dissipate the remaining system heat and prolonging lifetime.

Silent ready!

Ultra-quiet 13.9 cm fan with intelligent RPM control guarantees cool performance and silent operation.

SafeGuard

Industry-leading octuple protection circuitry of OCP, OVP, AC UVP, DC UVP, OPP, OTP, SIP & SCP protects your system.

99% 12V Power

Maximum CPU, GPU & RAID support.

Features

- ▶ **85PLUS ready!**
World's leading modular PSU series with 86-92.9% efficiency @ 20-100% load. Certified by 80 PLUS® organization.
- ▶ **nVidia SLI certified**
nVidia® SLI® certified. (ENERMAX REVOLUTION85+ 1020W, ERV1020EWT-00, NVIDIA, SLI are registered trademarks or trademarks of NVIDIA Corporation.)
- ▶ **FUTURE CPU ready!**
Ready for most upcoming CPU generations by 12P sockets for possible connector changes, by complying to latest EPS12V PSU design guides for compatibility & by ZERO LOAD Design for C6 state functions.
- ▶ **FUTURE GPU ready!**
Ready for most upcoming GPU generations by 12P sockets for possible connector changes, by four massive 12V rails for perfect load distribution & by ZERO LOAD Design for Hybrid Mode functions.
- ▶ **24/7 @ 50°C ready!**
Non-Stop industrial class performance at 50°C ambient.
- ▶ **CordGuard**
Fixing the AC cord tightly to avoid accidental shutdowns of your PC.
- ▶ **HeatGuard**
Keeping PSU fan running for 30-60 seconds after shut down to dissipate the remaining system heat and prolonging system lifetime.

- ▶ **SafeGuard**
Industry-leading octuple protection circuitry (OCP, OVP, AC UVP, DC UVP, OPP, OTP, SCP, and SIP).

- ▶ **AirGuard**
Patented air-inlet with optimal aero-dynamical design reducing noisy air turbulences.

- ▶ **Silent ready!**
Ultra-quiet 13.9cm fan with intelligent RPM control guarantees cool performance and silent operation.

- ▶ **99% 12V Power**
World's leading EPS12V PSU with 99% 12V output capability.

- ▶ **SERVER ready!**
SSI PSDG 2008 v1.2 support for latest Intel® Core™ Extreme/i7, Xeon™ and AMD® Opteron™ and SLI® or CrossFireX™ and AMD GAME! or AMD GAME! Ultra systems and downward compatible with SSI PSDG 2008 v1.1, v1.0, EPS12V 2.92, 2.91, 2.8.

- ▶ **DXXI ready!**
100% 6+2P (8P) PCI-E connector to support new generation DXXI graphic cards.

Specifications

Additional Information

Brand	Enermax
SKU	ERV1020EWT-D
Weight	9.0000
Color	Black
PSU Type	EPS12V
PSU Style	Modular
PSU Wattage	1000W
PSU Efficiency	80 PLUS Silver
Vendor SKU/EAN	8161613000678
Special Price	\$159.99
