Short Description

Product Details:

A wave-shaped keyboard—with a cushioned palm rest—puts you ahead of the comfort curve without the learning curve.

Features:

Wave-shaped key frame

Your fingers vary in length. So with its gradual wave-shaped contour, this keyboard supports the actual, varied lengths of your fingers. Learn more about how Logitech created the Comfort Wave Design.

Three-year keyboard battery life

The extended battery life means you won't spend your time tracking down new batteries. * Big on battery life? We are, too.

Logitech® Unifying receiver

The tiny receiver stays in your notebook. Plus, you can easily add a compatible wireless mouse or keyboard—without the hassle of multiple USB receivers. Learn more about the Unifying receiver.

Advanced 2.4 GHz wireless

So you can work or play in more places—like your comfy couch—the long-range wireless connection virtually eliminates delays, dropouts, and interference. Learn more about Logitech wireless technologies.

Constant curve

The curved profile has a familiar shape and consistently sized keys, so you can type with comfort and confidence—without relearning how to type.

Cushioned, contoured palm rest

The palm rest helps position your hands comfortably on the keyboard—and offers a comfortable place to rest your palms when you're not typing.

Adjustable keyboard height

Three options for leg height allow you to adjust the keyboard to the height that feels most comfortable to you.

Instant media access

Convenient one-touch controls give you instant access to volume and media playback. A dedicated button starts Media Center.

Programmable keys

You're in charge with programmable F-keys** you can easily customize to open your favorite applications, folders, or Web pages. Shortcuts? Hot keys? Programmable buttons? Find out more about SetPoint™ software.

Specifications:
