Product Details:

Creative Labs Sound Blaster X-Fi Go! Pro reative's Sound Blaster X-Fi Go! Pro brings incredible enhanced 3D audio to any computer, anywhere! Designed for maximum portability, this sound card is small enough to fit into your pocket and even fits on your key ring! Enjoy incredible 3D Surround with any headphones in movies, games and enhance all of your PC and online audio. The Sound Blaster X-Fi Go! Pro is the fastest and easiest upgrade to SBX Pro Studio audio technology.

Perfect for music and movies too!
Make all your music sound better with Xtreme Fidelity audio technology which restores the detail and clarity to compressed music files like MP3s.

Realistic gameplay
Experience realistic sound effects and 3D surround that make you feel like you're in the game itself. Over 400 existing games use Creative EAX® ADVANCED HD™ sound effects to provide better gaming sound. Get into the game with live voice chat using the Creative HS-1200 Wireless headset

Creative ALchemy
And if you're using Windows Vista®, Creative ALchemy restores surround sound for the same great gaming experience as Windows® XP.

Personalized gaming on the go
The 1GB[1] flash memory lets you transport your custom gaming profiles, plug-ins, add-ons or any other files easily. Don't lose that important file! Read/Write Protection is also incorporated to prevent your files from being accidentally deleted.

Exclusive Bonus Software for Download

Creative WaveStudio (available through online download) provides convenient and easy audio editing, applying special effects and audio clean-up function for recorded music files, lectures and podcasts.

Creative Karaoke Player (available through online download) with LRC format support, allows users to sing along with their favorite songs using Pitch Shifter function and Reverb effect.
