Short Description

You've got a different kind of comfort thanks to a leave-in wireless receiver, long battery life and precise cursor control that lets you work and play wherever you want. Your trackball stays in one place, so you don't

have to move your arm to move your cursor. Its sculpted shape supports your hand to let you work all day in comfort. Short on space? No problem. Because the trackball doesn't move, it's perfect for tight workspaces and busy desks. Millions of people have loved the Logitech Trackman Wheel. We've refined its proven shape to create the Logitech M570!

You've got a different kind of comfort thanks to a leave-in wireless receiver, long battery life and precise cursor control that lets you work and play wherever you want. Your trackball stays in one place, so you don't have to move your arm to move your cursor. Its sculpted shape supports your hand to let you work all day in comfort. Short on space? No problem. Because the trackball doesn't move, it's perfect for tight workspaces and busy desks. Millions of people have loved the Logitech Trackman Wheel. We've refined its proven shape to create the Logitech M570!

Features

Trackball comfort

Your trackball stays in one place, so you don't have to move your arm to move your cursor. Its sculpted shape supports your hand to let you work all day in comfort.

Compact footprint

Short on space? No problem. Because the trackball doesn't move, it's perfect for tight workspaces and busy desks.

Time-tested shape

Millions of people have loved the Logitech Trackman Wheel. We've refined its proven shape to create the M570.

Logitech® Advanced 2.4 GHz wireless

You get the reliability of a cord with cordless convenience and freedom—fast data transmission and virtually no delays or dropouts.

[Learn more about Logitech wireless technologies.](#)

Wireless freedom

Who wants a cord in the way? The robust wireless connection lets you control your laptop, desktop computer or home theater PC from up to 30 feet (10 meters)* away.

Tiny, wireless receiver

It's so small it can stay plugged in a USB port. You don't have to unplug it when you move around or worry about losing it. And your trackball is always ready to use.

Logitech® Unifying technology

Easily connect up to six compatible wireless devices—keyboards, number pads or mice—without the hassle of multiple receivers filling up your USB ports.

[Learn more about the Unifying receiver.](#)

Storable receiver

If you do need to remove the tiny receiver, just tuck it away right next to the battery.

18-month battery life

The long battery life virtually eliminates the hassle of changing batteries.** The On/Off button saves power, while an indicator light helps you avoid surprises.

[Big on battery life? We are, too. Learn more.](#)

Work—and play—anywhere

You get precise cursor control wherever you want to use your trackball. Hard tables, comfy sofas and lumpy beds are all no problem for the M570.

[Curious about cursor control? Learn more.](#)

Adjustable speed

The M570 now sports an adjustable laser sensor, giving you a wider range of cursor speeds—and the perfect amount of control.

Scroll wheel

You can easily move up and down through Web pages and long documents.

Programmable buttons

You can customize your trackball's buttons to help you do what you want faster.***

[Shortcuts? Hot keys? Programmable buttons? Find out more about SetPoint™ software. Learn more.](#)

Back/Forward buttons

Moving quickly between documents or browsing your favorite Web sites is a breeze with large, easy-to-reach Back/Forward buttons.

Easy to clean

Should you need to clean your trackball, removing the ball is a snap.

Easy to move

Your desk, your comfy chair, your bed—this trackball is easy to take with you around the home. The ball even stays in place when you turn it upside down.
