## Product Images

## Short Description

Antec's Notebook Cooler Stand takes cooling to new heights and transforms your laptop into a convenient miniworkstation, providing a clutter-free cooling solution that also promotes ergonomically correct

positioning. A raised incline design elevates your notebook to a height similar to an external display, minimizing neck and back strain, and a keyboard reserve below houses your mouse and keyboard when not in use, maximizing desk space. A USB-powered 80mm fan quietly cools your notebook while sturdy 4mm aluminum construction provides ultimate stability. Antec's Notebook Cooler Stand: raising notebook cooling standards.
