

Silverstone SDP09 6Gbps 2.5" SATA HDD/SSD Adapter for 3.5" Hot-Swap Drive Bay

\$18.99

Product Images

Short Description

The SDP09 is an internal bay adapter designed to fit one 2.5" hard drive or SSD for use in 3.5" hot-swap SATA drive cages and cases. This is made possible unlike other types of SSD or 2.5" adapters in that the SDP09 replicates the exact location of SATA data and power connectors as on standard 3.5" SATA hard drives. The all metal construction also ensures that the SDP09 will be capable of being used repeatedly for hot-swapping without breaking or deformation.

Description

The SDP09 is an internal bay adapter designed to fit one 2.5" hard drive or SSD for use in 3.5" hot-swap SATA drive cages and cases. This is made possible unlike other types of SSD or 2.5" adapters in that the SDP09 replicates the exact location of SATA data and power connectors as on standard 3.5" SATA hard drives. The all metal construction also ensures that the SDP09 will be capable of being used repeatedly for hot-swapping without breaking or deformation.

Features

- All metal construction
- Designed for hot-swap capable drive cages and cases
- Fits in any 3.5" drive bay with SATA interface
- Compatible with any 2.5" device

Specifications

Model No.	SST-SDP09
Color	Nickel
Material	1.0 mm SPCC with nickel plating
Application	3.5" hot-swappable drive bay
Capacity	1 x 2.5" hard drive or SSD
Interface	SATA3.0(Max. 6Gbps)
Overall Dimension	101.6 mm (w) x 25.4 mm (h) x 146 mm(d)
weight	220g

Additional Information

Brand	SilverStone Technology
SKU	SST-SDP09
Weight	1.0000
Vendor SKU/EAN	844761007249
