

Premium Technician Lighted Tweezer w/Bent Tip

\$12.95

Product Images

Short Description

For installers working in dark, confined spaces, the Lighted Tweezers are perfect for placing or retrieving small parts, pulling elusive cables and many other delicate operations. A built-in bright white LED directly

illuminates your working area. With its angled tip and serrated edges, the Lighted Tweezers also gives you greater leverage and improved grip for pulling jumpers, fuses, even network cables. Requires three LR41 batteries, included.
