Short Description

Product Details:

60° Angled adaptor revolvable G1/4" inner thread to outer thread in round design.

Everybody knows the problem: The hose twists, the fittings don't quite fit... what to do? This is the solution! A bearing at the thread gives maximum versatility and the tubing can be installed just as you like! Just connect the fitting needed and it can easily be revolved to fit!

The best thing about this adaptor is that it was constructed without any conjunctions which makes it truly High-flow capable!

Technical specifications:

Material: Silver nickel plated brass

Threads: G1/4" outer thread to G1/4" inner thread

Thread length: 6mm
Height: 30mm

Extent of delivery:
1x Angled adaptor 60° revolvable G1/4" outer thread to G1/4" inner thread

[Aquainfos](#) has reviewed this product for you

Please note: Due to the low depth of the inner thread of only 6mm some fittings may require spacer rings (Art.No.: 14087, 14151 or 95008)
