Short Description

Product Details:

Angled adaptor 45°, G1/4" inner thread to G1/4" inner thread, round and black nickel coated.

Everybody is familiar with the issue: The tubing is twisted, the fittings barely fit... what to do? This is the solution! An adaptor with a bearing on the thread to allow free rotation. This adaptor can be combined with a suitable fitting and tubing is made much easier and safer.

Unlike conventional angled adaptors this adaptor was was designed without any additional flow obstructions. Hence this adaptor causes no

additional flow resistance in the system!

Technical specifications:

Material: Brass, black nickel coated
Threads: 2x G1/4" outer thread
Thread length: 5mm
Height: 40mm
Diameter: 25mm

Extent of delivery:

1x Angled adaptor 45° - G1/4" inner thread to G1/4" inner thread - round - black nickel
