

Mod/Smart Wire Saddle - Clip Style - Mini - Black

\$0.59

Product Images

Short Description

Product Details:

MOD/SMART (*TCM) Sata Clips offer a fast and economical way to securely position, route and mount wire, cable, or tubing. No holes to drill or screws to turn! The part is backed with polyethylene foam tape, featuring a releasable clip so wires can be removed after assembly if desired. Backed with polyethylene foam tape, the wire saddle Clip provides excellent conform-ability, high temperature and solvent resistance, in addition to a high ultimate bond strength. The reusable Wire Saddle Clip is molded to be tough and resilient.

*True Color Match (TCM) - An Exclusive Process which provides consistent coloring to an entire product line therefore improving aesthetics by

color matching. Partnered with PrimoChill's watercooling product line, you can be sure all your wire management and cooling loop parts will perfectly match! The days of UV Pinkish mismatched with your UV Red sleeving....is GONE.

Features:

- Economical and reusable
- Tough and Resilient
- 8 True Color Match choices, including 7 UV reactive colors.
- Easy, no tool, installation.

Installation Note: The mounting surface should be smooth, clean, and dry to insure a secure adhesion.
