

Indigo Xtreme Clean

\$7.95

Product Images

Short Description

Now you can buy the same high-strength surface cleaning formula used by professional thermal engineers. Indigo Xtreme Clean works better than other products. It possesses higher solvating power than isopropyl alcohol and emulsifying cleaners, yet leaves no residue. Unlike acetone, xylene, and toluene, Indigo Xtreme Clean is non-flammable and is safe for most surfaces.

Description

Now you can buy the same high-strength surface cleaning formula used by professional thermal engineers. Indigo Xtreme Clean works better than other products. It possesses higher solvating power than isopropyl alcohol and emulsifying cleaners, yet leaves no residue. Unlike acetone, xylene, and toluene, Indigo Xtreme Clean is non-flammable and is safe for most surfaces.

Indigo Xtreme Clean is easy to use. Simply place a small amount on a clean, dry cloth, wipe the surface clean. One and done - no fussy two-step process. The surface will be left completely free of any thermal grease or stray material and ready to accept a superior thermal solution such as Indigo Xtreme.

Note: This Item can not be shipped using DHL

Features

- Fast Evaporating
