Short Description

The ultimate in airflow to noise ratio, iXtrema Pro Quiet Fans are the only fans in the industry to be designed with silence and optimal airflow in mind. Smaller, domed motor hub, larger, more dramatic fan blade sweep area, no other fans on the market come even close in performance!

Description

The ultimate in airflow to noise ratio, iXtrema Pro Quiet Fans are the only fans in the industry to be designed with silence and optimal airflow in mind. Smaller, domed motor hub, larger, more dramatic fan blade sweep area, no other fans on the market come even close in performance!

The new Fluid Dynamic Bearings offer better fan life, don't burn up lubricant, and run quieter. One symptom of the note is that the bearing fluid becomes less viscous during disuse, so the fan may run slowly before it is properly warmed up. Regular usage will avoid this problem.

Features

Forward Sweeping Fan Blades

The forward sweeping fan blade design increases static pressure compared to other silent fans and offers better airflow in areas where ventilation is restricted.

Reduced Motor Size

The reduced motor size and conical shape allows for the largest blade surface area of any fan and improves aerodynamics compared to the cylindrical dead-spot of other silent fans.

Rubber Fan Mounts

The silicone-composite fan mounts dampen motor vibration and prevents resonance or so-called "case rattle" caused when fan vibrations reaches the chassis.

Power Connector Converter

The included power connector converter cable lets the user choose to use either standard 4-pin power supply connectors or the 3-pin RPM monitoring capable fan connectors.

Specifications

SKU:	IXP-34-08
Rated DBA:	8
Dimensions:	60x60x25mm
RPM:	1500
CFM:	10
Operating voltage:	8-14v
Current draw:	0.016A
Power consumption:	0.20w
Bearings:	FDB, fluid dynamic bearings

Additional Information

Brand	SilenX
SKU	IXP-34-08
Weight	0.3000
Color	Black
Fan Dimensions	60mm
Fan Width	25mm
Fan Connection	3-Pin
Fan Voltage	12 VDC
Fan RPM	1500
Fan CFM	10
Fan Noise (dB)	8
Vendor SKU/EAN	854224001011
