Silverstone SATA II Cable with Locking Latch 90°

Special Price
$5.45 was
$6.59

Product Images

Short Description

Product Details:

CP04 is a newly designed Serial ATA II cable for SATA II hard drives with added compatibility of 90°, an added convenience for small chassis or space-limited applications; Constructed with metallic EMI guard layer as well as safety-locking mechanism on both ends of connectors will further assure the safety of your hard drives and the invaluable information they hold. Its high signal integrity is insured for all data transfer up to 3Gb per second. The CP04 with EMI guard will provide enhanced users experience while providing them a peace of mind.

Features:

- Commercial grade components with fast transmitting speed
- Connectors with locking mechanism for safety measure
- Metallic cable layer for EMI suppression
- Added compatibility with 90° angled connector

Specifications:

Transmitting Speed	3G bps
Color	Clear cable
Connectors	90 degree on one connector
Length	500mm
