\$7.49

Product Images

Short Description

1x 4-Pin socket to 3x 4Pin plug for the connection of three devices (e.g. drives) to one PSU connector.

Description

Product Details:

1x 4-Pin socket to 3x 4Pin plug for the connection of three devices (e.g. drives) to one PSU connector.

Features

Next generation sleeving:

This new sleeving is even more advanced: The leads are sleeved individually!

Optically this new design sets a new benchmark and offers the finishing touch for your system. The sleeve is extremely dense and offers the effect for which all pro sleevers are looking: A completely new look for a more elegant and sleek appearance of the system. Special attention was paid to the combination of cable, connectors, sleeve and heatshrink to create a matching design for maximum effect.

The idea behind these cables:

Phobyas goal is to make the work of professional and hobby modders a bit easier with these cables. Sleeving is a lot of work and requires much time. But with these cables by Phobyas the whole system can be redesigned any way you like by simply adding these cables.
