Short Description

Product Details:

This G1/4" extension (male to female) allows an extension of a G1/4" thread which e.g. allows more universal application of angled fittings. When using this extension and angled fittings the tubing can be installed parallel as the threads are at different levels.

Technical specifications:

Color: Black nickel

Threads: 1/4" outer thread to 1/4" inner thread

Thread length: 4mm

Length: 20mm

Extent of delivery:

1x Phobya extension G1/4" to G1/4" revolvable - black nickel plated
