Short Description

Product Details:

The AK-PCCU3-03 PCIe card adds one internal and three external Super Speed USB 3.0 ports to the PC system. The new USB 3.0 interface enables data transfer at 5 gigabits per second which is up to 10 times faster than USB 2.0! Super Speed interface can save you a lot of valuable time as you no longer need to wait so long to complete data transfer especially those large files like HD movies or system backups. Internal USB 3.0 port supports internal USB 3.0 device ([AK-ICR-10U3](#)). Furthermore USB 3.0 ports remain fully backwardly compatible with USB 2.0 devices providing you with excellent compatibility.

Built in 4pin power connector ensures there is enough power delivery for all types of power-hungry USB devices providing you true USB 3.0 support on both ports simultaneously. Bring you system up to speed with current and next-generation components and peripherals!

Features:

- Adds 4 USB 3.0 ports to the PC system
- SuperSpeed data transfer
- Up to 10x faster than USB2.0

Specifications:

Application:	USB 3.0 PC system extension card
Designed for:	PC systems with spare PCIe slot
Interface:	Single lane PCI Express 2.0 (1.0 compatible)
Connectors:	4x USB 3.0 (backwards compatible with USB 2.0)
Transfer rate:	5.0 Gbps (max)
DC input:	3.3V, 5V, 12V (from PCIe slot and 4pin PSU Molex)
Supported OS:	Windows XP / Vista / 7 (32/64 bit)
Hot Swappable:	Yes
Dimensions:	81 (L) x 68 (H) x 12 (D) mm
Product code:	AK-PCCU3-03

Additional Information

Brand	Akasa
SKU	AK-PCCU3-03-D
Weight	1.0000
Color	Black
Card Form Factor	PCI EXPRESS
Ports	USB
Driver Support/OS Compatibility	Windows XP, Vista, 7(32bit/64bit)
Special Price	\$25.95
