Short Description

Alphacool's fittings go new ways in looks, quality of manufacturing, colours and choice. The inner diameter of these fittings truly deserves the „high flow“ attribute!

Description

Alphacools's fittings go new ways in looks, quality of manufacturing, colours and choice. The inner diameter of these fittings truly deserves the „high flow“ attribute!

The first three colours, Chrome, Deep Black and Shiny Copper offer something for every taste. The product matching series are designed to look elegant in every system, highlighting the individual design of the computer. The limits are endless with these Alphacool fittings in combination with Alphacool tubing!

With a new process during chromatising the surface finish is completely connected with the brass body, hence ensuring permanent intense colours and peeling of the chrome layer. The Alphacool name in blue lettering on some of the fittings additionally underlines the individuality of these items.

Specifications

Functionality of this connector:
This Y-connector can be used for splitting of the cooling loop to allow parallel operation of cooling components.

Please note: 13/10mm fittings just fit side by side. Should 16mm fittings be used, we recommend ordering of an extension or use of 90° angled fittings.

Technical specifications:
Material: Brass, chromatised
Colour: Deep Black

Dimensions:
Width: 16x30mm
Height: 33mm

Extent of delivery:
1 x Alphacool HF Y connector 45° 1 x G1/4 outer thread 2 x G1/4 inner thread revolvable - Deep Black
