## Short Description

---

NexXos is back! This back plate is the perfect addition to your water cooled graphics card, improving looks and cooling performance! The cooling concept of the AXP/NVXP water blocks is a very well-balanced one, but only little of the water blocks can be seen as they usually face downwards in the enclosure.

## Description

---

NexXos is back! This back plate is the perfect addition to your water cooled graphics card, improving looks and cooling performance!

The cooling concept of the AXP/NVXP water blocks is a very well-balanced one, but only little of the water blocks can be seen as they usually face downwards in the enclosure. Hence great attention was paid to the surface finish of the back plates for maximum effect. This was achieved with anodized aluminum: A perfect finish, and even after small mishaps during mounting the color remains consistent. Of course the back plate is shipped with suitable, copper plated M3x12mm hexagon socket screws.

Aluminum as the material of choice also has another advantage: With this lightweight material less strain is put on the sensitive graphics card slots!

The Alphacool back plate also contributes to the rigidity of the graphics card, preventing it from bending and twisting. The additionally applied thermal pads under the back plate also contribute to the cooling of the sensitive components on the graphics card.

Of course the back plate is fully SLI/ Crossfire capable and hence perfect for use in a Multi-GPU system.

In the extent of delivery you will find mounting screws and thermal pads - No additional material is needed! A multi-lingual (GER, EN, FR) mounting manual and tools allow easy and quick installation of the unit.

## Specifications

---

Technical specifications:

Material: Aluminum

Color: Black anodized

Dimensions (L x W x H): 175 x 85 x 6mm

Weight: approx. 168g

Fully SLI/Crossfire capable

Compatible with AMD 580/570

The mounting manual can be found [here](#).

Extent of delivery:

1x Water block

Thermal pads

Mounting material

Multi-lingual (GER, EN, FR) mounting manual

## Additional Information

---

Brand	Alphacool
SKU	AC-11025-D
Weight	1.0000
Color	Black
Vga	NVIDIA GeForce RTX 2060/2060 SUPER
Block GPU Type	Nvidia
Block Accessory Type	VGA Backplate
Vendor SKU/EAN	4250197110259
