

Silverstone 3.5" Bay Dual USB 3.0 and Dual 2.5" HDD / SSD Adapter - Black

\$24.99

Product Images

Short Description

USB 2.0 is the most widely used port in modern computers, but with USB 3.0 emerging to provide up to ten times speed increase, the move to upgrade to USB 3.0 becomes more important. The FP36 is SilverStone's solution for users to quickly upgrade cases that lack front USB 3.0 ports. It is also a drive bay adapter that has mounting slots for two 2.5" hard drives. The FP36 has cables that connect directly to motherboard rear I/O panel's USB 3.0 ports (for motherboards with built-in USB 3.0 support) and sports a beautiful brushed aluminum front cover that blends nicely with most cases.

Description

USB 2.0 is the most widely used port in modern computers, but with USB 3.0 emerging to provide up to ten times speed increase, the move to upgrade to USB 3.0 becomes more important. The FP36 is SilverStone's solution for users to quickly upgrade cases that lack front USB 3.0 ports. It is also a drive bay adapter that has mounting slots for two 2.5" hard drives. The FP36 has cables that connect directly to motherboard rear I/O panel's USB 3.0 ports (for motherboards with built-in USB 3.0 support) and sports a beautiful brushed aluminum front cover that blends nicely with most cases.

Features

- Support USB 3.0 for maximum data transfer
- Support two 2.5" hard drive mounts
- Easy to install and compatible with most cases
- High quality aluminum finish

Specifications

Model No.	SST-FP36B(black) SST-FP36S(silver)
Color	Black or Silver
Material	Aluminum front panel, SPCC with nickel plating
Application	3.5" drive bay
Cable Length	1000mm
Capacity	2 x 2.5" hard drives
Connectors	2 x USB3.0
Dimension	101.6 mm(W) x 25.4 mm(H) x 149 mm (D)
weight	300 g

Additional Information

Brand	SilverStone Technology
SKU	SST-FP36B
Weight	1.0000
Color	Black
Device Type	Multi-purpose
Bay Size	3.5" Bay
Vendor SKU/EAN	844761007188
