

Custom 1/8in. Acrylic Window Panel for Corsair 800D - UV Blue w/ Dual 140mm Holes

\$47.95

Product Images

Short Description

So you have yourself a Corsair Obsidian 800D? Good. But have you ever dreamed of getting more out of the case? Maybe give a splash of color or even darken the look down a bit? Perhaps addressing the "Achilles"

heel" of that otherwise-awesome case by adding intake fan holes to get more airflow over your beastly GPUs? Well, dream no more! We now have 'em!

Description

So you have yourself a Corsair Obsidian 800D? Good. But have you ever dreamed of getting more out of the case? Maybe give a splash of color or even darken the look down a bit? Perhaps addressing the "Achilles' heel" of that otherwise-awesome case by adding intake fan holes to get more airflow over your beastly GPUs? Well, dream no more! We now have 'em!

These are direct drop-in replacement panels for the case; swap out the acrylic panels and enjoy the new enhanced 800D brought to you exclusively by Performance-PCs!
