Short Description

Aquatuning and Phobyasticker THE sign of cooling water at the highest level!

Description

Aquatuning and Phobyasticker THE sign of cooling water at the highest level!

The new self Phobyasticker is 15x15mm with something smaller and less obtrusive than the friend kept, but by the material of aluminum much higher quality than a normal paper label. Here, the idea of playing a role in certain Phobyaproducte how the mounting example shows highlight. But also to the familiar places the sticker looks naturally from class! The sticker may now find its place directly on the case, in a drive bay or on

the cover. But also on the car trunk, monitor, desk, wall unit ... the possibilities are endless!

Of course, these stickers are easily removed again and gentle on all types of surfaces.

Delivery:

1x Phobyas Triangular aluminum (15x15mm)
