

# Phobya SATA 3.0 Connection Cable Angled With Safety Latch 30cm - Black Sleeved

\$4.95

## Product Images

## Short Description

### Product Details:

Connection cable between Mainboard and SATA devices.

This cable was used to connect different SATA devices such as HDDs or optical drives to the Mainboard. Additionally shielded and insulated, this cable is perfect for use in your PC. The safety latch is an additional safety feature which locks the plug into place to ensure a safe connection. This connection can be loosened by hand by pressing the plug.

### Sleeving:

This cable is not only practical, it is also optically appealing, The surrounding mesh, also called mesh, which is surrounding the cable itself offers the advantages that every Pro-modder is looking for: A completely unique look, even of the cables in the system! Special attention was paid to

the combination of cable connectors, sleeve and heatshrink which were used to ensure great design and a unique as well as elegant look.

The idea behind these cables:

Phobyas goal is to make the work of professional and hobby modders a bit easier with these cables. Sleeving is a lot of work and requires much time. But with these cables by Phobyas the whole system can be redesigned any way you like by simply adding these cables.

Technical specifications:

Length: 30cm

Colour: Black sleeve, black connectors, black heatshrink

Two angled connectors

Connection type: SATA

Extent of delivery:

1x Phobyas SATA 3.0 connection cable with safety latch 30cm - double angled - black sleeved
