

# Phobya Y-adaptor 4Pin Molex to 4x 3Pin (12V) 30cm - Black

\$5.75

## Product Images

## Short Description

---

### Product Details:

A Y-cable to connect 4x3-Pin fans to one 4-Pin power connector.

For connection of up to four fans to one 4-Pin Molex power connector. The special feature of this adaptor is the looped-through 4-Pin Molex connector which still allows use of the connector used for connection of the fans.

The extension cable is sleeved with a black mesh which additionally protects the cable and looks great! This further expands the lifespan of the cable. The ends towards the connectors are fixated with heatshrink for a clean finish.

A white marking on one of the split cables shows from which cable the rpm signal is transmitted.

#### Sleeving:

This cable is not only practical, it is also optically appealing, The surrounding mesh, also called mesh, which is surrounding the cable itself offers the advantages that every Pro-modder is looking for: A completely unique look, even of the cables in the system! Special attention was paid to the combination of cable connectors, sleeve and heatshrink which were used to ensure great design and a unique as well as elegant look.

The idea behind these cables:

Phobya's goal is to make the work of professional and hobby modders a bit easier with these cables. Sleeving is a lot of work and requires much time. But with these cables by Phobya the whole system can be redesigned any way you like by simply adding these cables.

#### Specifications:

##### Connectors:

1x 4-Pin Molex male

3x 3-Pin fan connector female

Colour: Black sleeve, black connectors, black heatshrink

Dimensions: Overall 30cm

Conforms with RoHS

##### Extent of delivery:

1x Phobya Y-adaptor 4-Pin Molex to 4x3-Pin fan connector (12V) 30cm - black
