

Phobya Spacers Black 34mm (4 pieces) M3

\$5.99

Product Images

Short Description

The spacers allow easy installation of a radiator on top of a PC case, without requiring a large hole in the casing must be cut. There must be only 4 holes with a diameter of 4mm ready to fit, the M3 screws can be inserted from the bottom, and are bolted to the radiator. The cool sleeves ensure better appearance and a distance of about 34mm between the radiator and top cover. This allows for optimal airflow from the bottom of the radiator.

Description

The spacers allow easy installation of a radiator on top of a PC case, without requiring a large hole in the casing must be cut. There must be only 4 holes with a diameter of 4mm ready to fit, the M3 screws can be inserted from the bottom, and are bolted to the radiator. The cool sleeves ensure better appearance and a distance of about 34mm between the radiator and top cover. This allows for optimal airflow from the bottom of the radiator.

Specifications

Compatibility:

All NexXoS, Magicool, Airplex, XSPC (in part), Swiftech, and all other Innovatek radiator fan with M3 screws.

Delivery:

- 4 M3 x 40mm black screws
- 4 pieces approximately 34mm black plastic spacers
- 8 pieces washers PA

Important: This is the new version of black plastic instead of clear Plexiglas. The inner diameter of the plastic tube is 4mm, so the tubes can be used with M4 screws.

Additional Information

Brand	PhobyA
SKU	PH-38102
Weight	1.5000
Color	Black
Radiator Accessory Type	Spacer
Material	Steel
