Short Description

Product Details:

IOGEAR's HD (M) to DVI (F) Video Adapter allows you to connect a DVI-enabled device to an HD-enabled device using a DVI cable.

One end of the adapter is an HD male connector and the other end is a DVI-D Dual Link female connector.

Simply plug the HD male connector to an HD-enabled device, and then connect a DVI-D (Dual Link or Single Link) cable which is plugged into a DVI-enabled device to the DVI connection on the adapter.

Features:

- HD male connector
- DVI-D Dual Link female connector

- Supports DVI-D Dual Link and Single Link cables

Warranty: Lifetime-Limited

Specifications:

- Dimensions: 1.6" x 2.08" x 0.06" (WxHxD)
