

Titan Power USB Car Charger (Black)

\$14.95

Product Images

Short Description

Product Details:

TITAN launched a newest car charger product–Power USB Car Charger. Power USB Car Charger contains 3 USB ports/5Amp; 1 USB port provides a fixed output with 2.5Amp and the rest of 2 USB ports provide an output with 2.5Amp in total. A better charging efficiency is achieved, especially for iPhone& iPad series products. TITAN' s PWM output controller adjusts high and low output automatically and multiple-protective function design to protect your devices. TITAN' s Power USB Car Charger satisfies your USB charging needs!!

Features:

- Support iPod, iPhone & iPad, MP3, MP4, Smartphones, Tablet PC, GPS or PDA
- Maximum output: total 5Amp to better your charging efficiency
- Provide 3 USB ports: one USB provides a fixed output with 2.5Amp and the other two provide an output with 2.5Amp in total

- PWM intelligent output controller offers a balance between high and low output

Specification:

Input Voltage: DC 12V
 Output Voltage: 5V
 Output Current: 5A
 Protective functions: over voltage, over current,
 USB ports: short circuit protection
 Weight: 3
 150g
