Features

Features:

- Equipped with multiple clips to support Intel LGA1366/1156/775 and AMD FX/AM3+/AM3/AM2+/AM2/K8.
- 4 sintered powder heatpipes conduct heat from the processor quickly to protect it from overheating.
- Heatpipes are lined up in a straight line to improve air flow through the heatsink.
- Patented Core Touch Technology(CTT) gives perfect contact with the CPU surface.
- Dense aluminum fins arranged in sea wave shape allows optimum airflow for better cooling performance.
- 120mm fan with PWM function offers a perfect balance between airflow and noise.
- Extra fan clips provided allow to add a second fan to form a push-pull config.
- Intelligent side flow design further utilizes system airflow to improve computer case ventilation.
