

# Phobya Hose Clamp Hexagonal Key 15.5 - 17mm Silver

\$3.95

## Product Images

## Short Description

Hose clamp to attach hoses to nozzles that have no nut. The big advantage is the hose that goes down the taper is not as strong as for connections with union nuts. The only drawback here is what to wear, the hoses have no additional support. There are now hose clamps with allen! Easy to assemble, in many colors and visually very appealing!
