# Aquacomputer ebuilding Kit Mount Socket 2011 for Cuplex Kryos

**$13.95**

## Product Images

## Short Description

This set contains the two stainless steel mounting plates necessary to adapt an existing cuplex kryos to Socket 2011 motherboards. The set also includes a suitable set of screws.

## Description

This set contains the two stainless steel mounting plates necessary to adapt an existing cuplex kryos to Socket 2011 motherboards. The set also includes a suitable set of screws.

Please note: The design of this mounting kit does not feature a predefined contact pressure! The knurled nuts have to be tightened until only small gaps between adjacent spring coils remain - the coils must not touch each other!

## Specifications

Scope of delivery:

- Two stainless steel mounting plates
- Four headless screws M4 x 30
- Four hex nuts M4
- Four springs
- Four knurled nuts M4
