Features

Great Price-Performance Ratio
Equipped with high quality components sych as an 80mm PWM fan and patented fan holder, the Alpine 64 GT offers a good cooling performance at a low noise level in a very competitive price range.

Quiet and Excellent Cooling Performance
The Alpine 64 GT maximizes the cooling performance and minimizes the noise level at the same time. Thanks to the patented fan holder, it just produces just 0.25 sone noise while providing 70W of cooling capacity.
