Specifications

Includes

- 1 - 540 1-1/4" Cut-Off Wheel
- 402 Mandrel
- 409 15/16" Emery Cut-Off Wheel (36)
- 24 - 420 15/16" Heavy-Duty Cut-Off Wheel
- 3 - 426 1-1/4" Fiberglass-Reinforced Cut-Off Wheel

User Tips

- Collet 481 or Dremel Chuck 4486 needed for use with engraving cutter 107.
- For best results, insert the accessory bit all the way into the tool and then back it out slightly before tightening down. This provides plenty of shank for the collet or chuck to hold onto the bit.
