## Product Images

## Short Description

### Product Details:

Here's a simple solution for connecting your DisplayPort equipment devices using HDMI\* cables to your existing High-definition devices. This simple adapter is all you need to convert from one format to the other.

## Features:

- Mini displayport 1.1a input and HDMI Output
- Support highest video resolution 1080p
- Supports 225MHz/2.25Gbps per channel (6.75 Gbps all channel) bandwidth
- Support HDMI 12bit per channel (36bit all channel ) deep color
- Support compressed audio such as DTS digital, Dolby digital (including DTS-HD and Dolby True HD)
- Powered from Mini displayport source
- 0.5ft (6") length including plugs

**\*\*NOTE\*\*** AUDIO: This adapter will support audio only if your source device allows audio output through the Mini DisplayPorts interface. If you're not sure, please check with the manufacturer or website, to confirm if your device allows audio out through the Mini-DP interface.
